

# Table of Contents

|  |           |
|--|-----------|
| <b>TABLE OF CONTENTS .....</b>   | <b>3</b>  |
| <b>FOREWORD .....</b>  | <b>9</b>  |
| <b>LIST OF ABBREVIATIONS AND ACRONYMS .....</b>                                    | <b>10</b> |
| <b>1. NOTES ON THE MORPHOLOGY OF THE ORAL MUCOSA .....</b>                         | <b>12</b> |
| <b>2. PRINCIPLES OF PATIENT INVESTIGATION.....</b>                                 | <b>16</b> |
| <b>2.1. Patient history .....</b>  | <b>16</b> |
| <b>2.2. Objective findings and methods of examination of the oral cavity .....</b> | <b>17</b> |
| 2.2.1. Histopathological changes.....  | 18        |
| 2.2.2. Morphology of mucosal manifestations .....                                  | 19        |
| Primary efflorescences .....   | 19        |
| Secondary efflorescences .....   | 20        |
| 2.2.3. Location and duration of mucosal manifestations.....                        | 21        |
| 2.2.4. The examination.....  | 21        |
| <b>2.3. Additional laboratory tests.....</b>                                       | <b>23</b> |
| 2.3.1. Haematological tests .....  | 23        |
| 2.3.2. Immunological tests .....   | 23        |
| 2.3.3. Biopsy .....  | 23        |
| 2.3.4. Microbiological examination .....   | 24        |
| Virological examination .....  | 24        |
| Bacteriological examination .....  | 25        |
| Mycological examination .....  | 26        |
| <b>2.4. Specialist examinations and consultations .....</b>                        | <b>26</b> |
| <b>3. COMMON ANATOMICAL ABNORMALITIES OF THE ORAL MUCOSA .....</b>                 | <b>28</b> |
| <b>3.1. Linea alba.....</b>  | <b>28</b> |
| <b>3.2. Fordyce spots/granules (morbus Fordyce).....</b>                           | <b>28</b> |
| <b>3.3. Leukoedema.....</b>  | <b>28</b> |
| <b>3.4. Physiological melanin hyperpigmentations.....</b>                          | <b>28</b> |
| <b>4. CONGENITAL AND DEVELOPMENTAL ABNORMALITIES OF THE ORAL MUCOSA .....</b>      | <b>30</b> |
| <b>4.1. Cleft lip.....</b>   | <b>30</b> |
| <b>4.2. Double lip .....</b>   | <b>30</b> |

|   |           |
|---|-----------|
| <b>4.3. Bifid uvula/hypoplasia of the uvula .....</b>                                   | <b>30</b> |
| <b>4.4. Ankyloglossia (lingua accreta, tongue tie).....</b>                             | <b>30</b> |
| <b>4.5. White sponge nevus (Cannon disease, naevus spongiosus albus).....</b>           | <b>31</b> |
| <b>4.6. Darier disease (hereditary follicular dyskeratosis) .....</b>                   | <b>31</b> |
| <b>4.7. Geographic tongue (lingua geographica, glossitis migrans) .....</b>             | <b>31</b> |
| <b>4.8. Fissured tongue (l. plicata/ gyrata/scrotalis/cerebriformis/fissurata)</b>      | <b>32</b> |
| <b>4.9. Crenated tongue (impressions on the sides of the tongue).....</b>               | <b>33</b> |
| <b>5. EXTERNAL CAUSES.....</b>  | <b>34</b> |
| <b>5.1. Physical factors.....</b>   | <b>34</b> |
| 5.1.1.    Traumatic changes of the oral mucosa .....                                    | 34        |
| Traumatic ulcer .....   | 34        |
| Neurodystrophic ulcer of the oral mucosa.....   | 35        |
| Traumatic gingivitis/stomatitis.....  | 35        |
| Epulis fissuratum (denture hyperplasia) .....   | 35        |
| Cheek and lip bite stomatitis (morsicatio buccarum et labiorum) .....                   | 36        |
| Frictional keratosis .....  | 36        |
| Cotton roll stomatitis .....  | 36        |
| Oral haematoma .....  | 36        |
| Suction trauma of the palatal mucosa.....   | 36        |
| Common cheilitis (chapped lips, cheilitis simplex).....                                 | 37        |
| Exfoliative cheilitis (cheilitis exfoliativa) .....                                     | 37        |
| 5.1.2.    Stomatitis caused by thermal factors .....                                    | 37        |
| 5.1.3.    Electrogalvanic stomatitis .....  | 37        |
| 5.1.4.    Actinic cheilitis (solar cheilitis, ch. actinica, solaris, abrasiva).....     | 38        |
| <b>5.2. Chemical factors.....</b>   | <b>38</b> |
| 5.2.1.    Stomatitis due to corrosive substances (burning) .....                        | 39        |
| 5.2.2.    Toxic effects of xenobiotics .....  | 39        |
| Drug-induced stomatitis of toxic origin.....  | 41        |
| 5.2.3.    Tobacco abuse-associated changes of the oral mucosa .....                     | 43        |
| Smoker's melanosis .....  | 43        |
| Smoker's leukokeratosis (stomatitis fumantum, leukokeratosis nicotinica palati) .....   | 43        |
| Smoking related leukoplakia .....   | 44        |
| Squamous cell carcinoma of the oral cavity .....  | 44        |
| 5.2.4.    Exogenous pigmentations.....  | 44        |
| Amalgam tattoo .....  | 45        |
| Metallic gingival pigmentations .....   | 45        |
| Pigmentations caused by heavy metals and their salts .....                              | 45        |
| <b>5.3. Viral infections .....</b>  | <b>46</b> |
| 5.3.1.    Diseases caused by the „herpes simplex virus“.....                            | 46        |
| Primary herpetic gingivostomatitis.....   | 47        |
| Pustulosis varioliformis (eczema herpeticum, Kaposi varicelliform eruption) .....       | 48        |
| Recurrent herpetic stomatitis (intraoral herpes, stomatitis herpetica recidivans) ..... | 48        |
| Labial herpes simplex (herpes simplex labialis, herpes labialis).....                   | 49        |
| 5.3.2.    Diseases of the „Varicella zoster virus“ group .....                          | 50        |
| Varicella (chicken pox) .....   | 50        |
| Herpes zoster (shingles) .....  | 50        |

|             |   |           |
|-------------|---|-----------|
| 5.3.3.      | Epstein-Barr virus and cytomegaloviruses group diseases.....  | 52        |
|             | Infectious mononucleosis (monocytic angina, Pfeiffer's disease).....                                  | 52        |
|             | „Hairy“ leukoplakia.....  | 53        |
|             | Cytomegalovirus disease.....  | 54        |
| 5.3.4.      | Enterovirus infections .....  | 54        |
|             | Herpangina .....  | 54        |
|             | Vesicular stomatitis with exanthema on hands and feet (hand, foot and mouth disease) .....            | 55        |
| 5.3.5.      | Measles (morbillo) .....  | 55        |
| 5.3.6.      | Infections caused by the human papillomavirus (HPV) .....   | 55        |
| 5.3.7.      | Manifestations of the primary HIV infection in the oral cavity .....                                  | 57        |
| <b>5.4.</b> | <b>Bacterial infections.....</b>  | <b>57</b> |
| 5.4.1.      | Necrotizing diseases of the periodontium .....  | 57        |
|             | Acute necrotizing ulcerative gingivitis.....  | 58        |
|             | Necrotizing ulcerative periodontitis .....  | 59        |
| 5.4.2.      | Contagious impetigo (impetigo contagiosa).....  | 59        |
| 5.4.3.      | Syphilis.....   | 60        |
| 5.4.4.      | Tuberculosis .....  | 62        |
| <b>5.5.</b> | <b>Fungal (mycotic) infections .....</b>  | <b>63</b> |
| 5.5.1.      | Oral candidosis (formerly moniliasis, thrush) .....   | 63        |
|             | Acute pseudomembranous candidosis.....  | 65        |
|             | Acute erythematous candidosis .....   | 65        |
|             | Chronic pseudomembranous candidosis .....   | 65        |
|             | Chronic hyperplastic candidosis.....  | 65        |
|             | Chronic erythematous atrophic candidosis.....   | 66        |
|             | Angular candidosis .....  | 66        |
|             | Median rhomboid glossitis (glossitis rhombica mediana, Brocq-Pautrier's glossitis).....               | 67        |
|             | Black hairy tongue (lingua villosa nigra) .....   | 67        |
| 5.5.2.      | Systemic (deeply invasive) mycoses .....  | 68        |
| <b>5.6.</b> | <b>Manifestations of deficiency of vitamins of the A and B groups and Fe on the oral mucosa .....</b> | <b>68</b> |
| <b>6.</b>   | <b>INTERNAL CAUSES .....</b>  | <b>69</b> |
| <b>6.1.</b> | <b>Immunopathological diseases of the oral mucosa.....</b>  | <b>69</b> |
| 6.1.1.      | Allergic reactions, hypersensitivity of the oral mucosa.....  | 70        |
|             | Drug-induced allergic stomatitis (stomatitis medicamentosa).....                                      | 71        |
|             | Angioedema .....  | 71        |
| 6.1.2.      | Manifestations of autoimmune diseases on the oral mucosa .....  | 72        |
|             | Diseases of the pemphigus group .....   | 73        |
|             | Diseases of the pemphigoid group .....  | 75        |
|             | Dermatitis herpetiformis (Duhring-Brocque disease) .....  | 76        |
|             | Epidermolysis bullosa .....   | 77        |
|             | Lupus erythematosus (LE) .....  | 77        |
|             | Psoriasis (psoriasis vulgaris) .....  | 79        |
|             | Sjögren syndrome .....  | 79        |
| 6.1.3.      | Immune system-associated stomatitides.....  | 81        |
|             | Oral lichen planus.....   | 81        |
|             | Oral lichenoid lesions (lichenoid reactions of the oral mucosa).....                                  | 83        |
|             | Erythema multiforme (erythema exsudativum multiforme Hebrae, EEM) .....                               | 83        |
|             | Stevens-Johnson's syndrome.....   | 84        |
|             | Recurrent aphthous stomatitis .....   | 84        |
|             | Behçet's syndrome .....   | 88        |
|             | Touraine's aphthosis.....   | 89        |

|  |            |
|--|------------|
| 6.1.4. Immunodeficient conditions.....   | 89         |
| Changes in the oral cavity in patients with HIV infection/AIDS (Acquired Immune Deficiency Syndrome) ..... | 89         |
| <b>6.2. Changes in the oral cavity associated with systemic diseases .....</b>                             | <b>94</b>  |
| 6.2.1. Changes in the oral cavity associated with diseases of haematopoiesis and vessels .....             | 94         |
| Diseases associated with the red blood cells .....   | 94         |
| Diseases associated with white blood cells .....   | 96         |
| Haemorrhagic disorders (bleeding diathesis) .....  | 98         |
| Vascular anomalies.....  | 99         |
| 6.2.2. Changes in the oral cavity associated with diseases of heart and circulatory system.....            | 100        |
| 6.2.3. Changes in the oral cavity associated with respiratory diseases.....                                | 101        |
| 6.2.4. Changes in the oral cavity associated with diseases of the GIT .....                                | 101        |
| Crohn's disease (morbus Crohn) .....   | 101        |
| Ulcerative colitis (colitis ulcerosa).....   | 102        |
| Celiac disease (gluten enteropathy).....   | 102        |
| 6.2.5. Changes in the oral cavity associated with diseases of the kidney .....                             | 102        |
| Uremic stomatitis .....  | 102        |
| 6.2.6. Changes in the oral cavity associated with metabolic and endocrine disorders .....                  | 102        |
| Glycogenoses and mucopolysaccharidoses .....   | 102        |
| Diabetes mellitus .....  | 103        |
| Insufficient function of the thyroid gland (hypothyroidism) .....  | 103        |
| Increased function of the thyroid gland (hyperthyroidism) .....  | 103        |
| Increased function of the parathyroid glands (hyperparathyroidism).....                                    | 104        |
| Primary hypofunction of the adrenal cortex (Addison's disease).....  | 104        |
| Acromegaly .....   | 104        |
| 6.2.7. Paraneoplastic processes .....  | 104        |
| <b>6.3. Endogenous pigmentations.....</b>  | <b>104</b> |
| 6.3.1. Melanin pigmentations .....   | 105        |
| Melanin pigmentations caused by increased melanin production .....   | 106        |
| Melanin pigmentations in systemic diseases .....   | 107        |
| Melanin pigmentations caused by a local proliferation of melanocytes and nevus cells.....                  | 108        |
| Melanin pigmentations with malignant proliferation of abnormal melanocytes .....                           | 109        |
| 6.3.2. Haemochromatosis .....  | 109        |
| 6.3.3. Porphyrias .....  | 109        |
| 6.3.4. Discolorations of vascular origins .....  | 109        |
| <b>7. POTENTIALLY MALIGNANT LESIONS OF THE ORAL MUCOSA.....</b>  | <b>110</b> |
| <b>7.1. Leukoplakia .....</b>  | <b>113</b> |
| 7.1.1. Proliferative verrucous leukoplakia.....  | 114        |
| <b>7.2. Erythroplakia (erythroplasia).....</b>   | <b>114</b> |
| <b>7.3. Erythroleukoplakia .....</b>   | <b>114</b> |
| <b>7.4. Oral submucosal fibrosis .....</b>   | <b>115</b> |
| <b>7.5. Dyskeratosis congenita.....</b>  | <b>115</b> |
| <b>7.6. Chronic hyperplastic candidosis .....</b>  | <b>115</b> |
| <b>7.7. Oral lichen planus – atrophic and erosive forms.....</b>   | <b>115</b> |
| <b>7.8. Discoid lupus erythematosus (DLE) – atrophic and erosive forms.....</b>                            | <b>115</b> |

|  |            |
|--|------------|
| <b>7.9. Epidermolysis bullosa .....</b>  | <b>115</b> |
| <b>7.10. Syphilitic glossitis .....</b>  | <b>116</b> |
| <b>7.11. Actinic cheilitis (cheilitis actinica, solaris, abrasiva) .....</b>   | <b>116</b> |
| <b>7.12. Sideropenic dysphagia (Patterson-Kelly, Plummer-Vinson syndrome) .....</b>  | <b>116</b> |
| <b>8. NOTES ON DIFFERENTIAL DIAGNOSIS OF ORAL MUCOSAL LESIONS.....</b>   | <b>117</b> |
| <b>8.1 Pigmented lesions .....</b>   | <b>117</b> |
| <b>8.2. White lesions of the oral mucosa.....</b>  | <b>117</b> |
| <b>8.3. Red lesions of the oral mucosa .....</b>   | <b>118</b> |
| <b>8.4. Erosions and blisters on the oral mucosa .....</b>   | <b>119</b> |
| <b>8.5. Ulcerations of the oral mucosa .....</b>   | <b>123</b> |
| 8.5.1.     Ulcers affecting primarily the gingiva.....   | 123        |
| 8.5.2.     Ulcers primarily affecting other sites than gingiva .....   | 124        |
| 8.5.3.     Ulcers in specific inflammations .....  | 125        |
| <b>8.6. Lip inflammation (cheilitis).....</b>  | <b>125</b> |
| 8.6.1.     Overview of the cheilitides.....  | 126        |
| 8.6.2.     Painful corners of the mouth (stomatitis angularis).....  | 127        |
| 8.6.3.     Melkersson-Rosenthal syndrome .....   | 127        |
| <b>8.7. Macroglossia and microglossia .....</b>  | <b>128</b> |
| 8.7.1.     Congenital anomalies of the size of the tongue .....  | 128        |
| 8.7.2.     Acquired anomalies of the size of the tongue.....   | 128        |
| <b>8.8. Pathologies of the coating of the tongue .....</b>   | <b>129</b> |
| 8.8.1.     Pathologically increased coating of the tongue .....  | 130        |
| 8.8.2.     Pathologically reduced coating of the tongue.....   | 130        |
| <b>8.9. Inflammation of the tongue (glossitis) .....</b>   | <b>131</b> |
| 8.9.1.     Overview of glossitis.....  | 132        |
| <b>9. DISEASES OF THE ORAL CAVITY/MANIFESTATIONS IN THE ORAL CAVITY ASSOCIATED WITH PATHOLOGY OF THE ORAL MUCOSA .....</b> | <b>133</b> |
| <b>9.1. Salivary secretion and its disorders .....</b>   | <b>133</b> |
| 9.1.1.     Saliva functions .....  | 133        |
| 9.1.2.     Salivary secretion .....  | 134        |
| Quantitative analysis of the saliva (Škach's test) .....   | 134        |
| 9.1.3.     Salivary secretion disorders.....   | 134        |
| Ptyalism (sialorrhoea, hypersalivation) .....  | 135        |
| Hyposalia (hyposalivation).....  | 135        |
| Xerostomia .....   | 136        |
| <b>9.2. Glossodynia and stomatodynia .....</b>   | <b>137</b> |
| <b>9.3. Bad breath (foetor ex ore, halitosis).....</b>   | <b>138</b> |

|  |            |
|--|------------|
| <b>10. TREATMENT OF MUCOSAL DISEASES .....</b>                                     | <b>139</b> |
| <b>10.1. General rules for treatment of mucosal diseases .....</b>                 | <b>139</b> |
| <b>10.2 New trends in the treatment of oral mucosal diseases .....</b>             | <b>140</b> |
| 10.2.1. Ozone therapy .....  | 140        |
| 10.2.2. Laser therapy .....  | 141        |
| 10.2.3. Biological treatment.....  | 141        |
| 10.2.4. Other substances potentially useful in treatment of mucosal diseases ..... | 142        |
| <b>ACKNOWLEDGEMENT.....</b>  | <b>143</b> |
| <b>REFERENCES .....</b>  | <b>144</b> |
| <b>APPENDIX .....</b>  | <b>148</b> |
| <b>LIST OF FIGURES .....</b>   | <b>154</b> |
| <b>LIST OF TABLES .....</b>  | <b>154</b> |
