2.3 Mapping activities and quality of drug prevention	56
III ADDICTIVE BEHAVIOR IN A SAMPLE OF FULL-TIME STUDENTS OF THE MASARYK UNIVERSITY AND PREVENTION OPTIONS	61
3.1 Addictive substances with the character of substances	61
3.1.1 Tobacco	61
3.1.2 Alcoholic beverages	62
3.1.3 Black Co	64
3.1.4 Cannabis products	65
3.1.5 Hallucinogens	68
3.1.6 Cocaine and methamphetamine	70
3.1.7 Use of other substances	72
3.1.8 Gambling	74
3.1.9 Person who motivated students to use drugs	75
3.1.10 Encounters with drug tra	75
3.1.11 Experience with adulterated or “cut” drugs	76
3.1.12 Reasons that led to drug use	77
3.1.13 Availability of selected substances	78
3.1.14 Use of selected substances in a circle of acquaintances	79
3.1.15 Respondents’ attitudes to selected risk activities	79
3.1.16 Opinions on drug legalization	84
3.2 Other types of risky behavior including the so-called virtual drugs	85
3.2.1 Quiz machines	85
3.2.2 Slot machines	87

3.2.3	Video computer/console games	90
3.2.4	Using mobile devices	94
3.2.5	Using the Internet.....	95
3.2.6	Bets	98
3.2.7	Eating Disorders	101
3.2.8	Borrowing money to gamble/bet	101
3.2.9	Internet banking.....	102
3.2.10	Purchasing of expensive consumer goods.....	103
3.2.11	Person who introduced the respondent to playing slot machines, computers or betting	104
3.2.12	Reasons that led the respondent to playing slot machines, computers or betting	105
3.2.13	Very easy and easy availability of various activities and objects associated with gambling, information and communication technologies for the respondent	108
3.2.14	Respondents' attitudes towards selected activities of adult persons.....	109
3.2.15	Respondents' attitudes toward legalization of online gambling.....	112
3.2.16	Use of counselling and therapeutic services aimed at pathological addiction during the respondent's life.....	112
3.2.17	Respondents' views on the importance of including the issue of virtual drugs in teaching of students at MU.....	113
3.2.18	Opinions of the respondents to the question whether MU pays sufficient attention to the issue of virtual drugs	113
3.3	Mapping of activities and of the level of drug prevention at Masaryk University	114
3.3.1	Encounters of the respondents with addiction prevention activities at Masaryk University	114
3.3.2	Options of the respondents in encountering addiction prevention at Masaryk University	115
3.3.3	Types of courses in which the respondents encountered addiction prevention in the context of teaching at Masaryk University.....	115
3.3.4	Types of activities which according to the respondents are directly linked to the implementation of drug prevention at Masaryk University	116
3.3.5	Types of addiction which preventive activities at MU concerned	117
3.3.6	Systematic nature of university prevention activities.....	118
3.3.7	Mentions of the issue of prevention of eating disorders (anorexia nervosa and bulimia nervosa) in prevention at Masaryk University	119
3.3.8	Assessment of the level of prevention at Masaryk University	119
3.3.9	Respondents' view concerning adequacy of time devoted to primary prevention of addictions at Masaryk University.....	121

3.3.10 Respondents' opinions concerning sufficient variety of activities in primary prevention of addictions on offer at Masaryk University	122
3.3.11 Types of drug prevention activities that should be enhanced/established according to the respondents at Masaryk University	122
3.3.12 Utilization of services the Counselling Center at the Masaryk University Rector's Office during the studies of the respondents.	123
IV DISCUSSION	127
4.1 Addictive substances in selected segments of the sample	127
4.1.1 Alcohol in Czech Republic	127
4.1.2 Alcohol abroad	129
4.1.3 Tobacco in the Czech Republic	130
4.1.4 Tobacco abroad	131
4.1.5 Illegal addictive substances in the Czech Republic	132
4.1.6 Illegal addictive substances abroad	134
4.1.7 Addictive drugs and people with disabilities	136
4.2 Other types of risky behavior including the so-called virtual drugs in selected population segments	138
4.2.1 Virtual drugs in the Czech Republic	138
4.2.2 Virtual drugs abroad	140
4.3 Mapping of activities and the level of drug prevention at Masaryk University	141
4.3.1 Prevention in Czech Republic	141
4.3.2 Prevention abroad	142
Conclusion	147
Addictive behavior of full-time students of Masaryk University—addictive substances	147
Addictive behavior of full-time students at Masaryk University—other kinds of risky behavior including the so-called virtual drugs	148
Mapping of activities and the level of drug prevention at Masaryk University	149
